

ELIDA'S "FAB FIVE" COLOR MIXING CHART

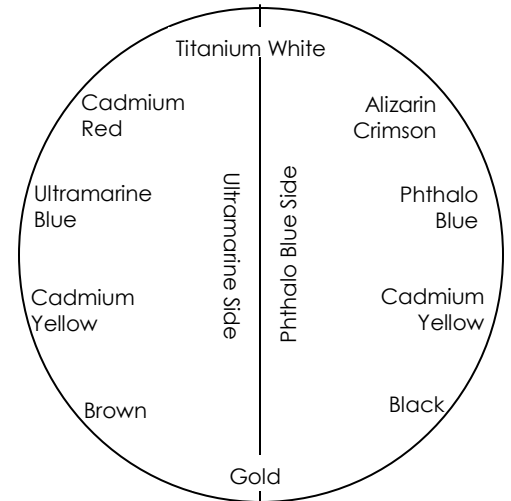

Rectangle Palette

Acrylic Colors Needed

- Alizarin Crimson
- Cadmium Red
- Cadmium Yellow
- Phthalo Blue
- Ultramarine Blue
- Titanium White

Round Palette

MIX THESE COLORS TO MAKE ALL OTHERS

Square count indicates the paint amounts to mix.

1. Grass Green = Cadmium Yellow + Phthalo Blue
2. Turquoise = Cadmium Yellow + Phthalo Blue + Titanium White
3. Olive Green = Cadmium Yellow + Ultramarine Blue
4. Orange = Cadmium Yellow + Cadmium Red
5. Purple = Alizarin Crimson + Ultramarine Blue
6. Brown = Cadmium Red + Ultramarine Blue + Cadmium Yellow
7. Black = Alizarin Crimson + Phthalo Blue + Cadmium Yellow
8. Taupe = Black + Brown + Titanium White added a little at a time to lighten up.

HINTS

1. Mixing black is tricky. If its too brown add a little blue, if its too green add a little red.
2. To warm up your brown, add more yellow and red.
3. Add white to any color to make it lighter, but make sure you mix the color completely before adding it!
4. In the studio, we use Utrecht Studio Acrylics. In this brand, "Crimson" is the name for "Alizarin Crimson", "Medium Red and Medium Yellow" are the names for "Cadmium Red and Cadmium Yellow".
